## Antique Auto Insurance

When looking for coverage for your antique auto, there are a few **guidelines** that must be met.

1. Your collector car must be kept in an **ENCLOSED** lockable garage
2. This vehicle **cannot** be driven daily--- it can only be used for show, hobby or pleasure purposes only.
3. You must have a good driving record.
4. No one under the age of 25 will be permitted to operate your Collector car.

All policies include the following coverage:

- \$500,000 Liability Coverage
- Uninsured and Underinsured Motorist coverage
- \$1,000 Medical Payment coverage
- Comprehensive and Collision coverage with a \$50 deductible (*however this deductible is waived for a glass only claim*)
- Towing and Labor coverage limit of \$250 per occurrence
- Settlement is based on **agreed** value
